

# \*\*\* NEW – Organic Fertilizer \*\*\* & Soil Amendment

## NUTRI-PEL

- Improves soil health by adding organic matter
- Biosolid based fertilizer that has been heat dried to concentrate nutrients into pellet form. Heat ensures that pathogens are destroyed, making it safe to handle
- 100% Organic
- NPK Analysis: 4.5 – 6 – 0
- Slow release
- Non-burning

### Why Use Nutri-Pel?

- Promotes **soil health**
- **Healthy soil = healthy plants!**
- Organic matter improves physical conditions of the soil so that it is better able to **hold water and nutrients**
- Contains Iron which gives the **darker green** colour to the lawn
- Has been shown to **deter rabbits** from feeding on plants

### Application Rate:

1 bag (20 kg) covers 1000 – 1500 square feet

Apply once per year in spring/fall when following Young Sod fertilizing schedule.
